

REACTION TO FIRE OF BUILDING MATERIALS

ACCORDING TO EUROCLASS EN 13501-1

Building authority designation	EUROCLASS according to EN 13501-1	Typical materials
No flammability	A1	Stone, concrete
	A2	Drywall board
Low flammability	B	Low flammability wood-based materials
	C	Wall cladding made of drywall
Normal flammability	D	Untreated wood and wood-based materials
	E	Low-density fibreboard
High flammability	F	Various synthetic materials
